Detroit FRESH

The Healthy Corner Stores Project

What is the project?

Detroit FRESH is an initiative of SEED Wayne (Wayne State University), Capuchin Soup Kitchen, and Eastern Market Corporation. It seeks to increase the availability of affordable, fresh fruits and vegetables in corner stores in Detroit's neighborhoods.

Why is it being offered?

Detroit FRESH seeks to increase the consumption of fresh fruits and vegetables by Detroit residents by increasing access to these foods in neighborhood stores. Fresh foods are important to healthy diets and can help adults and youth prevent diabetes, heart disease, and obesity.

How you can support Detroit FRESH & your neighborhood?

Use Your \$\$\$ Power – Purchase fresh fruits and vegetables from participating stores.

Spread the Word – Tell five people you know about participating stores, and get them to shop there for fresh fruits and vegetables.

Give Feedback – If something's wrong with the produce or you have suggestions for the project, please let us know.

For info or to give feedback, contact: Mebbly Pearson, Project Leader: 313-577-2398 or Kami Pothukuchi, Director: 313-577-4296
